Alexandru Paluga - Profile

Professional Skills

- WordPress, PHP, JavaScript, React
- HTML5, CSS3, Bootstrap
- Git, GitHub
- UI/UX Design
- Software Testing
- Communication and Collaboration Skills

About Me

I am a passionate web developer with solid experience in WordPress, PHP, JavaScript, React, HTML, CSS, and Bootstrap. I work efficiently with Git and GitHub for version control and project collaboration. I enjoy developing functional and optimized web solutions, with a strong attention to detail and a problem-solving mindset. Effective communication and adaptability help me collaborate well in a team and deliver high-quality products.

Professional Experience

February/2021 - Present

Electronic Arts Romania

Software Tester

- Testing and analyzing web interfaces to ensure an optimal user experience
- Identifying and reporting UI/UX issues, collaborating with development teams to resolve them
- Verifying interface compatibility across different browsers and devices
